ABOUT ASGS

The Australian School of Global Studies (ASGS) is a pivotal global education initiative spearheaded by the Education Centre of Australia (ECA). Our mission is to increase accessibility to international education, providing ambitious students with unparalleled opportunities to excel beyond geographical boundaries.

At ASGS, we create pathways that transcend traditional barriers, enabling students to achieve and surpass top-tier international education standards. Guided by ECA's expertise, we offer a dynamic learning environment designed to satisfy and exceed the benchmarks set by prestigious global institutions.

Our comprehensive and meticulously designed approach at ASGS focuses on delivering not just education, but a transformative experience. We equip students with the tools, knowledge, and skills to thrive in the global education landscape, fostering excellence to smoothly navigate complexities.

More than an educational institution, ASGS catalyzes change in education. We champion inclusivity, accessibility, and excellence, redefining the educational journey for ambitious learners with ECA. Our initiative serves as a beacon for those who aspire to transcend boundaries and immerse themselves in unparalleled educational opportunities.

OUR MISSION

To provide affordable, high-quality opportunities for students to gain an international qualification by offering innovative courses that provide seamless access to the world's leading universities.

OUR VISION

To be the first choice for all Indian and South Asian students seeking an international education, renowned for our prestigious global university partners, outstanding students, and high-value education.

OUR VALUES

The fundamental beliefs that drive our every day work:

Aspiration

We support and develop the aspirations of young minds, opening them up to the world of opportunities that international education provides.

Quality

We embed quality in everything we do, especially regarding our faculty, curriculum, learning facilities, students, and partner universities.

Prudence

We pride ourselves on the low-cost high-value of the services we provide, ensuring students get the best value for money while not compromising on quality.

Integrity

We operate on fair and transparent policies and assessments that ensure learning outcomes' integrity.

Connectedness

We focus on building a community with leading academics, businesses, and partners to provide the best opportunities for students and alumni.

ABOUT ECA GROUP

Education Centre of Australia (ECA), established in 2006, is at the forefront of the global higher education sector. The group is renowned internationally for the quality of teaching, academic expertise and research integrity.

A diverse educational group that supports students throughout their academic journey, through English language courses, undergraduate and postgraduate degrees, across the broad spectrum of disciplines, it also provides professional internships for career progression.

ECA operates worldwide, with offices in 7 regions and a vast network of 1200+ global Education Agents. They partner with renowned universities like University of Canberra, Victoria University, Swinburne University, London Metropolitan University, and University of Tasmania.

Founder-led business built with over 18 years of operation

2017 — Further overseas expansion

2014 — ECA Global expands to India, establishes centers, & forms university partnerships in the Philippines

2011 — ECA Group opens its first Higher Educational Institute in Australia, Asia Pacific International College

2006 — Mr. Rupesh Singh, Established ECA

1997 — Inspirational start of study abroad & entrepreneurial journey of Mr. Rupesh Ji in Australia

CEO MESSAGE

Rupesh Singh

Embarking on your educational journey in a new country may seem like a thrilling yet challenging leap into the unknown. Believe me, I've been there – a bold international student voyaging from the vibrant landscapes of India to the captivating shores of Australia, a couple of decades ago.

Drawing inspiration from my own transformative journey, I founded ECA with an unwavering commitment to placing YOU, the student, at the heart of our mission.

Our goal? To not only provide access to the finest education but to curate an all-encompassing experience that goes beyond the classroom.

ECA isn't just an organization; it's a manifestation of my personal odyssey as an international student. Today, it stands tall as a beacon of opportunity for tens of thousands of dreamers worldwide, helping them turn their international education aspirations into reality.

Enter ASGS, our latest venture. Picture this: an affordable gateway to the world's top universities, crafted with precision by merging ECA's two decades of global education expertise with a world leading curriculum and the pinnacle of learning environments, OpenLearning

This is not just a venture; it's a revolution. ASGS paves the way for students to access world-class education without breaking the bank, blending experience, innovation, and a leading learning platform to redefine the pursuit of knowledge. Get ready to redefine your academic journey – the world is your campus, and success knows no borders!

HOW DOES ASGS WORK?

Start your Journey with us Online or at our Study Centres

Delhi/ NCR

Discover excellence at Campus Global Education Centre, nestled in the vibrant educational hub of Delhi NCR - Noida. With top-notch facilities, dedicated staff, and prime location, we offer a holistic learning experience for aspiring scholars.

Ahmedabad Learning Hub fosters global education in the heart of the city. Dedicated staff and top-notch facilities ensure a holistic learning experience for students.

Ahmedabad

Bengaluru

Nestled in MG Road, Bangalore, ASGS Global Study Centre fosters international learning with dedicated staff and top-notch facilities. Our holistic approach enriches students' academic journey, empowering them to thrive.

ABOUT ASGS QUALIFICATIONS THROUGH SQA

ASGS offers qualifications accredited by The Scottish Qualifications Authority (SQA) which serves as the apex body of educational standards in Scotland, overseeing the development, maintenance, and enhancement of a comprehensive framework of qualifications. Their responsibility extends to defining the requisite knowledge and skills for each qualification, ensuring candidates meet the prescribed level of competence. Through rigorous monitoring of teaching, learning, and assessment standards, ASGS collaborates with SQA to uphold consistency and accuracy across all qualifications.

ASGS assessments are benchmarked against the Scottish Credit and Qualifications Framework (SCQF). These are evaluated continuously by SQA with respect to the difficulty, guaranteeing that the assessments appropriately challenge candidates while covering relevant content.

ASGS commitment to maintaining standards over time is exemplified through the SQA Monitoring Standards programme, which samples qualifications to ensure consistency across subjects and levels. By engaging with subject specialists and utilizing statistical data, SQA ensures that ASGS course assessments are appropriately calibrated and that qualifications remain relevant and demanding.

The collaborative efforts of ASGS and SQA are pivotal in upholding the integrity and credibility of the qualifications, ensuring they meet the needs of learners, employers, and educational institutions across the world.

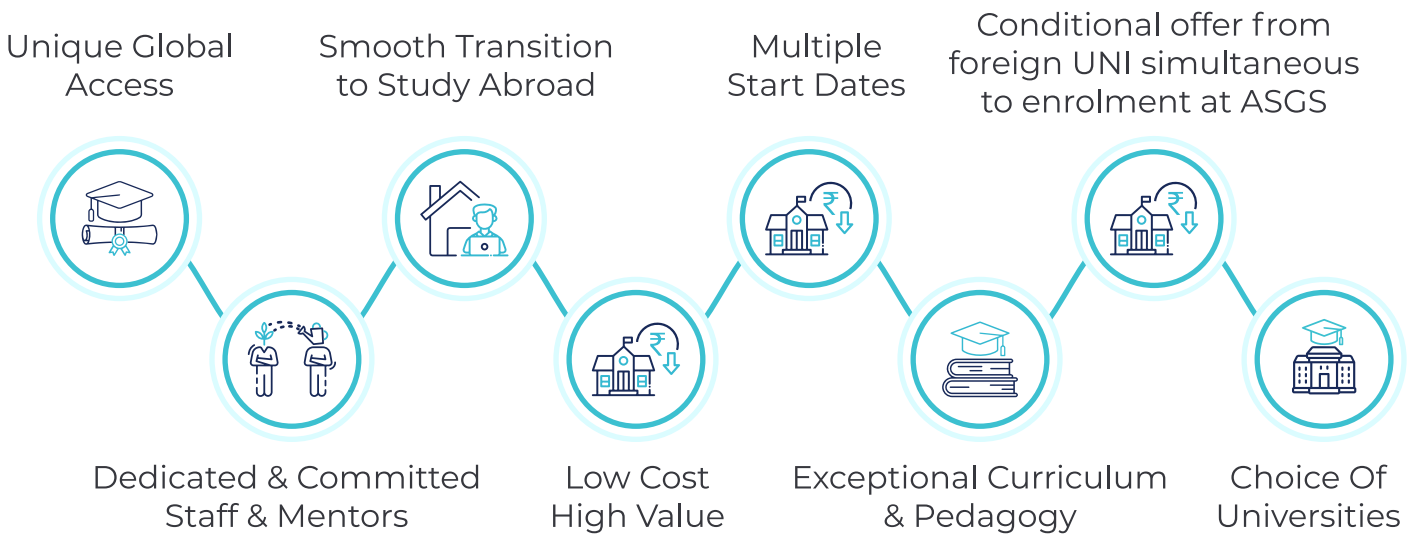

With over 100 years' experience of quality assurance and developing qualifications, SQA is the ideal partner for ASGS to offer our Global Bachelors' programmes. Their professionalism and understanding backed by Scotland's reputation for having one of the oldest and most highly regarded education systems and the quality and rigour SQA have brought to the process made our programmes one of the most sought after qualifications.

Because they are a government awarding body, SQA are very strict on making sure that the quality is not compromised in any way. They have ensured that ASGS Global Qualifications' maintain high standards. As a result of this focus on quality, the market has accepted and recognised the qualifications, students are proud to achieve them, and teachers enjoy delivering them

With this partnership, ASGS offers internationally certified and recognised qualifications that are on the Scottish Credit and Qualifications Framework (SCQF). ASGS will continue to work with SQA, offering skills based and practical courses, which allow students to get real hands-on experience and provide opportunities for future progression

WHY ASGS?

Our tailored curriculum, extensive support services, and diverse cultural experiences ensure a smooth transition to study abroad. With ASGS, you gain:

Unique Global Access

Our dedicated mentors and staff are deeply invested in your success and wellbeing. They provide consistent guidance, support and expertise to facilitate your personal and professional growth.

Dedicated & Committed Staff Members

Our tailored support services and guidance ensure your seamless transition and integration into the international academic environment. We equip you with the resources and skills to effectively navigate the challenges and maximize the opportunities of studying abroad.

Smooth Transition to Study Abroad

Our pathways emphasize an innovative pedagogical approach, personalized learning experiences, and a commitment to fostering critical thinking, creativity and skill development.

Exceptional Curriculum & Pedagogy

Our pathways provide valuable experiences, skills and outcomes while minimizing financial burdens and optimizing cost-effectiveness and quality.

Low Cost High Value

Upon completing the first year in India, students can select their preferred Partner University for enrollment.

Multiple Start Dates

Flexible start dates throughout the year allow students to begin their educational journey at a time that best suits their individual schedules and circumstances.

Conditional Offers From Foreign Universities

Students receive conditional offers from foreign universities simultaneously upon enrollment at ASGS, streamlining their path to international education.

Choice Of Universities

After your first year in India, select the partner university that best aligns with your academic and professional goals.

HOW IT WORKS?

Flexible Study Plans: 1+2, 2+1 & 2+1+1

At ASGS, we offer dynamic programs that empower students with the flexibility to shape their educational journey. Choose from ASGS Advanced Certificates or ASGS Advanced Diplomas in Business or Computing.

Our unique approach ensures a seamless transition to international universities:

- **Simultaneous Enrollment:** Students are enrolled in ASGS programs and a specific international university from the outset, fostering a strong connection with their progression university.
- **Flexible Study Plans:** Opt for our 1+2 or 2+1 study plans, allowing students to complete one or two years of study with ASGS in their home country before transitioning to the pre-selected progression university abroad.
- **Accelerated Pathways:** Our 2+1+1 year plan offers the opportunity to earn both a bachelor's and master's degree in just four years, maximizing efficiency without compromising on quality.

With ASGS, students embark on a transformative educational journey that seamlessly integrates international experiences, paving the way for academic and professional success.

Variety Of Specializations

- ASGS qualifications lay the foundations for a wide variety of specializations in popular areas of

Business : Including Entrepreneurship, Commerce, Accounting, Marketing, Human Resources, Sports Management, Business Analytics.

Computing/ IT : Including AI & Machine Learning, Robotics, Data Science, Cyber Security.

Cutting Edge Online Curriculum

- Our curriculum is designed for effective, engaging, interactive & assisted online delivery, as well as in-classroom delivery.
- We use a flipped classroom model employing extensive problem-based learning, ensuring a contemporary and effective approach to learning.

Choice Of Study Centres & Online Webinars

- Students can attend weekly classes at one of our study centres in-person.
- Students can alternatively join online synchronous webinars from the comfort of their homes.

Regular University-Student Engagement

- At ASGS, our partnership with progression universities extends beyond enrollment. Our progression partner universities actively engage with students on a weekly basis, fostering a collaborative and supportive relationship throughout their academic journey. This consistent interaction ensures that students receive ongoing guidance, support, and resources to thrive in their studies and prepare for future success

English Language

For admission to ASGS programs, applicants must meet the following English language proficiency requirements:

- IELTS Academic (or equivalent) score of 5.5 overall, with no individual band score less than 5.5.

These requirements ensure that students have the necessary language skills to thrive in our academic environment. Applicants who meet these criteria are encouraged to apply and embark on their educational journey at ASGS.

- For CBSE/ICSE/State Boards, a minimum English grade of 70%.
- Medium of instruction in English during Year 12.

Intensive Study Mode

At ASGS, our mode of study is designed for rapid advancement, catering especially to high achievers:

- **Intensive Learning:** With a focus on 6 months of intensive learning, we prioritize quick progression, allowing high achievers to accelerate their educational journey.
- **Data-Driven Support:** Our support team utilizes sophisticated data analysis to monitor and ensure progression. By leveraging cutting-edge technology, we tailor our support services to the unique needs of each student, maximizing their potential for success.

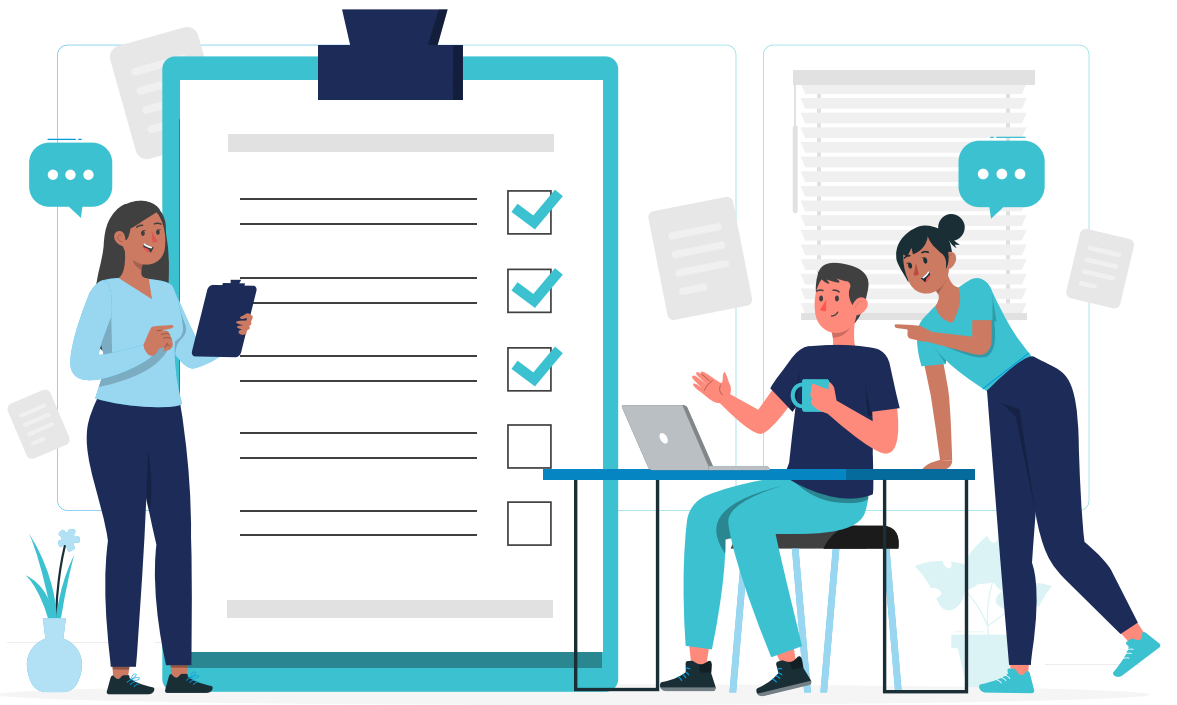

At ASGS, we are committed to providing a dynamic and supportive learning environment that empowers high achievers to reach their full potential.
